Certificate Qualifications Offered Outside Shailer Park State High

There are many courses on offer through the TAFE in Schools program run through TAFE Queensland.

Student’s school fees must be paid (or a payment plan in place) before access to external Certificates are granted and other Eligibility Criteria applies (see below).

We can access courses through various TAFE Queensland campuses in Brisbane (Acacia Ridge, Alexandra Hills, Loganlea, Mount Gravatt and Southbank,) as well as Gold Coast (Ashmore and Coomera).

Many of these TAFE in Schools programs come along with VETiS (VET in Schools Funding). This means the Government will subsidize the course, sometimes allowing the student to undertake the course at no course. Other courses may have a fee attached (see individual course information for details).

**NOTE:** Students are given one (1) only opportunity to use their VETiS funding. It is therefore very important to carefully consider course options and relevancy to career paths.

Work Placement

Some of the courses offered by TAFE have a mandatory Work Placement component. The duration of Work Placement could range anywhere from 50 – 200 hours, depending on the requirements of the course. E.g. Cert II Automotive Servicing has a Work Placement component of 80 hours. The student is responsible for arranging Work Placement. TAFE and the ILO can offer assistance if needed.
