Sport Academy - Expression of Interest Form

This elite sporting program aims to develop Volleyball and Futsal/Football players and allow them to not only represent their school in these sports, but also to play in District, Regional, State and National Representative Teams. It is also a goal to expose students to talent identification avenues such as the Queensland Academy of Sport, Volleyball Queensland and Futsal/Football Queensland. Shailer Park State High School is rapidly excelling in these two sports where we are already district and the Gold Coast Regional Champions with our success and achievements in these sports being attributed to the discipline, hard work and determination of our students and staff.

The Shailer Park State High School Sporting Academies provide students within these programs with an opportunity to develop knowledge about the game and sport of Volleyball and Futsal/Football while obtaining valuable skills and qualifications. Students within our Academies develop many skills within our course. Our Academies are designed to promote not only an elite level of Volleyball and Futsal/Football skill and performance, but also play a major role in discipline, attitude, manners, respect, teamwork, sportsmanship and academic results. In Year 7, 8, 9, and 10 the Academy allows students to gain extra first class training and exposure at a high level in these sports.

In order for students to take part in the Shailer Park State High School Sporting Academy, each student must submit an application, attend the designated academic study session, be prepared to train outside of school multiple times per week and be available to participate on allocated weekends for regional, state and national tournaments when necessary.

The Shailer Park State High School Sporting Academy is committed to providing students within our local area with the opportunity to learn and excel at the highest level in both the sport of Volleyball and futsal/Football, as well as academically and through leadership. Students in the Sporting Academy also have an expectation to attend an extra weekly Academic Study Session which takes place in the Library on a Wednesday afternoon for an hour where students have access to multiple teachers from all subjects to assist them with their homework and assignments.

If your student would like to express interest in applying for the Shailer Park Sports Academy in 2017, please complete the document below.
